Why Lease a Buick or GMC?

Benefits of Leasing vs. Buying

Leasing is like renting your way to freedom. Why tie yourself down with a long-term auto loan when you can upgrade every few years? Leasing offers a lower commitment, and lets you experience newer models more often.

Lower Monthly Payments and Flexible Terms

We get it—monthly budgets matter. That's why leasing is often the more affordable route. Lower payments and flexible lease durations give you control over your finances without compromising on style or tech.

Upgrade Frequently to the Latest Models

With a lease, you're not stuck with the same ride forever. Want that new tech or sleeker body style? You can upgrade every 2–3 years to stay ahead of the game.

Unbeatable Lease Offers at Medina Auto Mall

\$0 Down Lease Specials

That's right—zero down. At Medina Auto Mall, you can drive off in a new Buick or GMC without dropping a dime upfront. That's more cash in your pocket for the road trip ahead.

Lease Payments as Low as \$199/Month

Want luxury on a budget? Select models like the Buick Encore GX or GMC Terrain come with lease options as low as \$199 per month. It's a no-brainer for value-conscious drivers.

Sign & Drive Lease Options

No games. No hidden fees. Just sign and drive away in your new vehicle. It's that simple.
